The Art of Simplicity

Brand Information: Summer 2017

“I believe that if you dress well, you perform well. AOSbySOSA embodies both elegance and style. I wanted to make certain that all artisans experience a sense of inspiration when they dress in AOS.”

Angelo Sosa — Founder

AOS

AOSbySOSA is a **company with a cause** on a mission to serve and to inspire! Our goal is to be a bridge between style and compassion.

Our chef wear is designed by Chef Angelo Sosa who brings over 20 years of culinary experience into every element of our designs. Chef Sosa is a protege of Jean-Georges and has worked intimately with Alain Ducasse in France. Rest assured that each piece was created with comfortability and functionality in mind.

SOCIAL RESPONSIBILITY:

We are proud to say that we are conscious of the environment and the impact of our choices and that our products are handmade in the USA. WE DO NOT HARM ANY ANIMALS to produce our products and we ensure that our employees are paid fair wages.

APRONS FOR A CAUSE:

- We are proud to partner with Editha House, a charity that was established to provide affordable lodging for adult patients and their adult caregivers traveling to Phoenix, AZ for medical treatment. We donate 5% of each of our "Jacques PINK PINK" apron sales to help further their mission.
- AOSbySOSA is proud to partner with Pop.Earth - Om Holistic Center for Autism & Developmental Disorders for the 2017 "Chefs Care Barbeque : Ribs for Kids."

AOS EXPERIENCE

Our aprons are stylish, light and feature meticulous double stitched, quality assured. The special melange of fabric creates a unique flexible stretch that allows our aprons to move when you move! This CHEF inspired attire works WITH you, not against you.

THE LOOK

- We want chefs, stylists, mixologists... EVERYONE to look amazing and feel empowered in our attire. There's no greater feeling than that of confidence.

THE FINEST INGREDIENTS

- A combination of style and quality, featuring a unique melange of fabrics that creates flexibility and longevity.

REPELS STAINS

- We've tested it and it works! You can simply use a damp cloth to wipe away the mess. Naturally, if allowed to sit for too long the stains will penetrate - but still not as quickly as it would on traditional cotton fabric. This saves water and prolongs the lifespan of the apron.

ATTENTION TO DETAIL

- Our aprons are designed to last. They're meticulously double-stitched adding reinforcements. We personally inspect every single apron to ensure that you get exactly what you pay for - quality without compromise.

SMALL BUSINESS, SMALL BATCHES

- We are a small business, and we believe in supporting small businesses. We also believe that producing small batches ensures nothing less than the highest quality for our clients.

QUALITY GUARANTEED

- We personally inspect every single apron to ensure that you get exactly what you pay for - quality without compromise.
- At AOS, we stand behind our work 100%. Our mission is to make sure you're happy with our products. If for any reason you're not satisfied with your purchase, contact us within 30 days for a full refund.
