— *Tom Colicchio, Chef/Owner of Craft Restaurants, New York, NY*

“Since we started using Korin’s wine glasses, our breakage went from 24 regular wine glasses to 2 or 3 Korin glasses per week! These glasses are durable, beautiful and they are saving us money!”

— *Seamus Mullen, Chef/Owner of Tertulia, New York, NY*

“We use a high-temperature dishwasher and even the slightest movement will crack wine glasses, but not with Korin’s wine glasses. Our breakage has been cut down so we could not be happier.”

— *James Roberts, General Manager of Morimoto, New York, NY*

“I really like the balance of sleek design and strength of the glassware. Many of the glassware I’ve used in the past are either strong and ugly, or beautiful and delicate so this seemed like the most reasonable choice for me. Korin’s glassware adds an elegant touch to our unique wine program.”

— *Shin Thompson, Chef/Owner of Bonsoirée, Chicago, IL*

“Our winery uses a lot of wine glasses. Korin’s wine glasses are fantastic and they hold up well in the dishwasher.”
